

## Recommendation

We would like to thank the staff of abz.dn.ua for design and development of our product colectik.com.

We work with abz.dn.ua creative team starting March 2015, and during this time period, we have twice restructured major features of our product, by adjusting them to customers needs. Both times «abz.dn.ua» staff managed to find the best and really ingenious solution, by supporting our ideas and helping generate new ones.

In 2016 «abz.dn.ua» released a new version of Colectik trend style. New design was created by using up-to date Google material design guidelines. Team solutions, was the impetus for our "startup" and attracted the attention of visitors to our project.

Our company plan to continue cooperate with «abz.dn.ua» team in support, content generation and development of new features.

We can confidently recommend «abz.dn.ua» team to any company interested in the development of professional, creative, and productive corporate design, and most importantly, the positive results and achieving goals. Abz.dn.ua team proved themselves as grate team, they take full responsibility for their tasks, complete everything in time, and provide additional value to product.
