

We have been working with our developers abz.agency for nearly two years, in that time they have built from scratch our professional networking website combined with a marketplace ecommerce platform including designing our app for iOS and Android.

We came to abz.agency when our previous developers let us down with a poorly designed platform plagued with errors and bugs that was affecting our branding and reputation and as a start-up business, this was key to us.

Therefore we went in search of new developers and found abz.agency. Their CEO Ihor Abyzov, was very insightful and clearly understood the huge complications of our project. He along with his team studied in detail our website's current state and suggested to us a more effective design solution and features that improved our user experience and resulted in high conversion rates. It required whole website rewrite and initially we were a bit reluctant to do it but Ihor did a great job convincing us this was the right solution. Today, looking on the results we are very happy that we followed his expert advice.

The outstanding work that abz.agency have done for Denteez, is nothing short of amazing. Their team redesigned and created our professional networking platform to the highest quality, not only did they improve the user experience, they also dramatically enhanced and improved the user interface.

We are extremely happy with the professionalism of Ihor and his excellent team, they are intelligent, hard-working and extremely diligent, something that is rare in this industry. They understand our needs and the complexity of our project quickly and efficiently. Their quality of work is outstanding, and we cannot thank them enough for the fantastic work they have done.

We continue to work with them on our massive project, we in the final stages of developing our ecommerce marketplace platform and of course other aspect of our project will be given to abz.agency.

We really appreciate all the hard work that they have done for us and continue to do for us. They are a fantastic team.
